WORK WITH EFFICIENCY VERMONT

There may be other opportunities to save money and energy, such as with lighting and refrigeration. Please contact us at 888-921-5990 or info@efficiencyvermont.com.

Efficiency Vermont, the state’s energy efficiency utility, helps Vermont businesses and households reduce energy to save money, strengthen the economy, and protect the environment. Include Efficiency Vermont on *your* project team.

Efficiency Vermont provides rebates as an incentive for installing energy-efficient heating, ventilating, and air conditioning equipment. Rebates through this program are available for commercial, industrial, and residential customers served by an electric utility in Vermont. Before completing this application, review the requirements below and the “Terms & Conditions” section on page 4 to ensure your eligibility.

1. Determine your equipment's eligibility.

- Equipment must be new and meet the minimum efficiencies noted on page 2.
- Equipment must be installed in existing buildings or in commercial new construction up to 10,000 sq. ft. (Contact Efficiency Vermont about rebates available for commercial new construction greater than 10,000 sq. ft.)
- Split AC systems (including evaporator AND condensing coils) must meet ARI specifications as a match or paired system.
- Ductless mini-split AC systems do not qualify for rebates.
- Dual enthalpy economizer controls are eligible for rebates only when installed with new, qualifying equipment.
- Rebates exceeding \$2,500 require approval by Efficiency Vermont prior to purchase.

2. Complete this application.

- Fill in the worksheet on page 3, being sure to review the specifications on page 2 to make sure your equipment is eligible.
- Calculate your total rebate and enter the amount in the space provided.
- Read and sign the “Terms & Conditions” on page 4.
- Please check to make sure you’ve provided all information requested. Incomplete information will delay the processing of your application.

3. Return your completed application with your proof(s) of purchase.

- Enclose sales receipt(s) or invoice(s) itemizing your new equipment. The proof of purchase must indicate the date and place of purchase, as well as the size, type, make, model/part number and serial number (where applicable) of the equipment.
- *All electric utility customers except those in Burlington:* Send this completed application with your receipt(s) to Efficiency Vermont, Rebate Coordinator, 255 S. Champlain St., Burlington, VT 05401.
- *Customers served by the Burlington Electric Department:* Send this completed application with your receipt(s) to Energy Services Area, Burlington Electric Department, 585 Pine St., Burlington, VT 05401.

MINIMUM HVAC EFFICIENCY & REBATE TABLES

UNITARY AC & SPLIT SYSTEMS (installed in existing residential or commercial buildings)

Eligible central air conditioning systems are single packaged units and split systems. In ducted split systems, both the condensing unit and the coil must be matched and together meet or exceed the minimum efficiency rating defined below. Ductless mini-split systems do not qualify for rebates at this time. For a directory of matched and qualifying units, visit www.ceehvacdirectory.org.

HVAC EQUIPMENT SIZE		Minimum SEER and/or EER	Residential Installations		Commercial Installations	
BTU/h	Tons		Customer Rebate per UNIT	Contractor Rebate per UNIT	Customer Rebate per TON	Contractor Rebate per UNIT
< 65,000 Split	< 5.4	14 SEER and 12 EER	\$100	\$75	\$125	\$75

TERMS & CONDITIONS

REBATE OFFER: This rebate program covers equipment purchased and installed in 2008. Details of this program, including rebate levels, are subject to change without notice.

ELIGIBILITY: Rebates through this program are available to residential and business customers of electric utilities in Vermont.

ELIGIBLE EQUIPMENT: Review the equipment eligibility requirements on pages 1 and 2 to ensure eligibility before completing this form.

PROOFS OF PURCHASE: Sales receipt(s) or invoice(s) itemizing the new equipment and indicating the size, type, make, model, serial number (where applicable), purchase date and vendor must accompany each rebate application.

PAYMENT: Equipment must be purchased and installed before payment is issued. Falsifying any information may lead to cancellation of this and future rebate applications, a claim by Efficiency Vermont for the return of any rebate, and/or referral for prosecution. Allow 45 days for delivery of payment. Submitting an application with incomplete or missing information may delay check processing and delivery. Efficiency Vermont will not pay more than 100% of the material purchase price shown on the invoice.

APPROVAL & VERIFICATION: Rebates exceeding \$2,500 require approval by Efficiency Vermont before purchase. Efficiency Vermont reserves the right to verify sales transactions and to inspect all installations.

TAX LIABILITY: Efficiency Vermont is not responsible for any tax liability imposed on the customer as a result of rebate payment.

DISPOSAL: The customer/contractor is responsible for the proper disposal/recycling of any waste generated as a result of this project, including the disposal of refrigerant.

ENDORSEMENT: Efficiency Vermont does not endorse any particular manufacturers, products, or system designs in promoting this program. Equivalent products must be pre-approved by Efficiency Vermont.

SAFETY & BUILDING CODES: The customer/contractor agrees that each measure complies with all federal, state, and local safety, building, and environmental codes. All products must be UL-listed and installed per manufacturer's instructions.

CONTRACTOR'S CERTIFICATION: If the equipment listed on this application was installed by a contractor, the contractor verifies that the equipment has been installed correctly, that there are no unusual noises or vibrations, that all controls have been calibrated, and that any applicable air-system balancing has been performed. Contractor has instructed the customer on operating and maintaining this equipment, and has delivered all necessary operation and maintenance manuals to the customer.

CONFIDENTIALITY: All customer, vendor, and/or contractor information supplied to Efficiency Vermont will be kept confidential and will not be shared with any person or organization.

DISCLAIMER OF WARRANTIES: Efficiency Vermont does not warrant the performance of any equipment either expressly or implicitly. Contact your supplier or contractor for details regarding equipment warranties.

CAPACITY CREDITS/ENVIRONMENTAL CREDITS: In accepting these financial incentives, the customer agrees that Efficiency Vermont holds the sole rights to any electric system capacity credits and/or environmental credits associated with the energy efficiency measures for which incentives have been received. These credits will be used for the benefit of Vermont ratepayers.
